What are the rules for online classes:

- You can only login to Zoom via your official school email address. Outside email addresses will not be allowed.
- You are expected to attend all classes as per your school timetable.
- You must join the class at least 5 minutes prior to the scheduled start time. The teacher will start the class at the scheduled time.

- Attendance will be monitored by the teachers & school administration.
- Punctuality is appreciated. Classrooms will be locked after 05 minutes of commencements and latecomers will not be allowed to join in.
- Cameras should be **ON** at all times. It's important for teachers to see you. Make sure you are in a quiet and consistent environment with minimal distractions around you.
- Parents **should not** be visible on screen as we want students to feel comfortable in a classroom setting. For elementary grades, parents can be around to assist their children but ideally should not be visible on screen.
- **Mute** yourself upon joining the class and when not speaking. Unmute yourself only when you want to speak or ask a question. This ensures that there is no disturbance in sound quality for other students and all students can hear the teacher clearly.
- Before speaking, type your questions in the chat and when the teacher calls your name, and then you may unmute yourself.
- Come prepared with questions that you may have about the lessons, self-practice work or homework.
- The schedule of live classes is fixed and will not change. To attend, students have to attend at the scheduled time or risk missing their class.
- **Dress Code:** Although students will be accessing classes from the comfort of their home, it is still a professional setting as their teacher will still be watching all. Students are advised to maintain a smart attire throughout the duration of the class as this will show their dedication and grooming to their teacher as well as the rest of the class.
- **Maintaining regular classroom etiquettes:** At the end of the day, participants of a live class need to remember that it is a classroom setting, consisting of all the students, classmates and teachers. Students need to follow all the etiquettes they would in a regular classroom.
- Student's that **violate the code of conduct** will be immediately removed from live classes and will not be allowed to participate in future classes.

Your teachers are looking forward to connecting with you soon.

Best Regards,
School Administration
